

CLASSPASS FITNESS BENEFIT

What is ClassPass?

ClassPass is a WSP-subsidized fitness program that provides you with access to gyms, studios and wellness services across the U.S.

WSP is offering a \$10/month subsidy to employees who sign up for a ClassPass credit plan¹. With a monthly credit plan, you can try new workouts and wellness activities without committing to one gym. Use credits to book activities such as gym-time, fitness classes, bike rentals, rock climbing and wellness treatments such as massages and cryotherapy. Class credits are weighed differently based on several factors, such as location, popularity and time of day.

ClassPass also has a free digital library of on-demand workouts so you can stream a wide variety of pre-recorded classes.

Can I see a list of studios and locations?

Click [here](#) to search and explore studios near you. If you don't see a studio you were looking for, you can submit a partnership request [here](#). Please note: ClassPass is always expanding to more cities and studios. Recommendations will be carefully considered but are not guaranteed.

I am not interested in classes. Can I just go to the gym?

Yes. ClassPass offers options for "open gym" at fitness facilities. Generally, "open gym" is a block of time (1-2 hours) to use the equipment in the gym however you like.

Is ClassPass available to family?

Our partnership and subsidy with ClassPass is only offered to WSP USA employees. The digital workouts, which are included in each credit plan at no additional cost, offer a variety of options you can do with spouses and dependents.

Do credits rollover?

Yes. As you remain an active ClassPass customer on a paid plan, you are able to roll over unused credits up to the total number of credits in your upcoming plan — every month. Please note rollover credits can take up to 48 hours to appear in your account after renewal. If you cancel your account, all remaining credits will be forfeited on the last day of your membership.

Can I buy more credits if needed?

Yes. You can purchase additional one-time credits if you need them. Currently ClassPass offers the following credit packs: 5, 11, 25, 42 and 88 credits.
